Randy,

The NYSDEC has reviewed the following documents and provides the following comments:

Draft Letter Report for the MPPEH/MD disposal event at the OD Grounds (February 2019) – We have no comment on the draft letter report and accept it.

Draft 2018 LONG-TERM MONITORING ANNUAL REPORT for the Fire Training and Demonstration Pad (SEAD-25)(February 2019)– The report recommends conclusion of VOC sampling. The NYSDEC is in agreement with this recommendation.

Draft 2017 Long-term Monitoring Annual Report – OB Grounds (February 2019) – The NYSDEC has no comment on this report and accepts it. We request that the monitoring wells not be decommissioned right away. They may have use in monitoring the groundwater from the OD Grounds.

Draft Letter Report for the Perchlorate sampling event at the OD Grounds (dated April 2, 2019) – The NYSDEC accepts this letter report and agrees with the recommendation to carry out another round of perchlorate sampling for further evaluation. Please submit a letter with deviations from the Perchlorate work plan submitted, if any, for the next round of sampling. This letter shall state the proposed date of sampling.

Draft Letter Report for the 1,4-dioxane groundwater sampling event at the Ash landfill Operable Unit (dated April 2, 2019) –

The NYSDEC accepts this report and agrees with the recommendation to carry out another round of 1,4-dioxane sampling at the operable unit for further evaluation. Please submit a letter with deviations from the Dioxane work plan (dated December 2018) submitted, if any, for the next round of sampling. This letter shall state the proposed date of sampling.

Please contact me if you have any questions or comments on the matters addressed in this email.

Thank You,
Melissa Sweet
